www.cardiometabolichealth.org
Welcome to the 10th Annual Cardiometabolic Health Congress (CMHC). With 1/3 of the population having at least one cardiometabolic disorder – diabetes, dyslipidemia, hypertension, obesity – the 10th Annual CMHC provides a one-of-a-kind opportunity to stay informed on the latest scientific and clinical developments in these overlapping disease areas through a comprehensive and integrated agenda.

Celebrating our 10th year, the CMHC has grown to be the largest multidisciplinary conference addressing the prevention, diagnosis, and management of cardiometabolic diseases in the US.

And don’t forget to visit www.cardiometabolichealth.org for presentation highlights, expert video interviews, online CME activities and eNews and resources to supplement the live sessions and stay abreast of the most current educational information throughout the year.

Enclosed you will find the CMHC schedule-at-a-glance and detailed agenda, as well as information on our General Sessions distinguished faculty. Should you require assistance during your stay, please do not hesitate to visit the CMHC Registration Desk located on the Second Floor of the Sheraton Boston Hotel.

Enjoy your stay in Boston!
CMHC ACCREDITATION

Credits listed below are for the entire Cardiometabolic Health Congress. Please see page 5 for details on how to claim CME/CE credits.

Physician Credit
This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of Medical Education Resources and HealthScience Media, Inc. Medical Education Resources is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation
Medical Education Resources designates this live activity for a maximum of 26.75 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AAFP (American Academy of Family Physicians) Credit
This Live activity, Cardiometabolic Health Congress 2015, with a beginning date of 10/21/2015, has been reviewed and is acceptable for up to 26.00 Prescribed credit(s) by the American Academy of Family Physicians. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing Credit (ANCC)
Medical Education Resources is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

This CE activity provides 26.75 contact hours of continuing nursing education.

Medical Education Resources is a provider of continuing nursing education by the California Board of Registered Nursing, Provider #CEP 12299, for 26.75 contact hours.

Registered Dietitian Credit
Medical Education Resources (Provider Number ME110) is a Continuing Professional Education (CPE) Accredited Provider with the Commission on Dietetic Registration (CDR). Registered dietitians (RDs) and dietetic technicians, registered (DTRs) will receive 26.50 continuing professional education units (CPEUs) for completion of this program/material.

Pharmacy Credit
Medical Education Resources (MER) is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. MER designates this continuing education activity for 26.75 contact hours (0.2675 CEUs) of the Accreditation Council for Pharmacy Education.

(Universal Program Number - 0816-9999-15-055-L01-P)
This activity is certified as Knowledge-based CPE.

DISCLOSURE OF CONFLICTS OF INTEREST

It is the policy of Medical Education Resources to ensure balance, independence, objectivity, and scientific rigor in all of its educational activities. In accordance with this policy, MER identifies conflicts of interest with its instructors, content managers, and other individuals who are in a position to control the content of an activity. Conflicts are resolved by MER to ensure that all scientific research referred to, reported, or used in a CME activity conforms to the generally accepted standards of experimental design, data collection, and analysis. MER is committed to providing its learners with high-quality activities that promote improvements or quality in health care and not the business interest of a commercial interest.

Content Managers
The following content managers reported no financial relationships with commercial interests whose products or services may be mentioned in this CME/CE activity:

- Melissa Wiles

Educational Grant Support
The CMHC General Session is supported in part by an educational grant from Pfizer.
LEARNING OBJECTIVES

TARGET AUDIENCE & LEARNING OBJECTIVES
The CMHC is designed for advanced-level clinicians responsible for the prevention, diagnosis, and management of cardiometabolic risk. At the end of the congress, participants will be able to:

1. Explain the interrelationships among the various cardiometabolic risk factors, their impact on cardiovascular health, and their common comorbidities.
2. Translate evidence-based strategies for prevention, screening, and treatment of cardiometabolic risk factors and their comorbidities to their clinical practice.
3. Identify which interventions, including lifestyle changes and various drugs in combination, are most appropriate for particular patients based on their risk profiles.
4. Identify how novel and emerging therapies can be integrated into clinical practice to reduce morbidity and mortality from cardiovascular and metabolic disease.

PURPOSE STATEMENT
To improve patient outcomes through early identification and intervention strategies for patients with, or at risk of developing, diabetes and cardiovascular disease.

How to Claim CME/CE Credits

In order to obtain your CME/CE credits for the 2015 Cardiometabolic Health Congress (CMHC), please complete both steps below:

- On-site: Please submit your completed CME symposia evaluation forms for each symposium that you attend in the evaluation drop box outside the symposium room or submit to staff at the CMHC registration desk.
- Post-conference: You will receive an email containing a link to complete your CMHC Program Evaluation. Online evaluations must be completed by November 13, 2015.

CME/CE Certificates will be available for print immediately upon completion of the online evaluation form.

Pharmacists Only: The record of your participation in this CE activity will be uploaded to the CPE Monitor under your NABP e-profile within 60 days. You may print an individual statement of credit for this activity from your NABP e-profile.
